DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Trosino on 5/23/06.

Please cannel claim 9-21 and 26-36.

Allowable Subject Matter

2. Claims 1-8 and 22-25 are allowed.

The following is an examiner's statement of reasons for allowance:

- The primary reason for the allowance of claims 1-8 and 22-25 is the inclusion of the limitation an apparatus and a method of purging a print head comprising pressurizing the ink container with a pressure source to purge the print head for about seven seconds without an ink level in the ink container dropping below the inlet. It is limitation found in each claims, as it is claimed in the combination, that has not been found, taught, or suggested by the prior art of record which makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
